DUFFY MALT WHISKEY CO.

Gentlemen: It has been about one year since I first began to use Duffy's Pure Malt Whiskey both in prescription and laboratory work in this institution. I find it a most effectual, invigorating alcoholic stimulant, and prefer it to any other, as I believe it to be absolutely pure. Its action on the general economy and the entire system is more effective than any other whiskey I have tried, and our patients take more kindly to it. As long as the quality-remains at the present standard I shall always use it wherever an alcoholic stimulant is required, especially in that class of convalescents who need what we call "predigested foods." I find from experience that Duffy's Pure Malt Whiskey acts gently, not vigorously, on the digestive system. We will always use it to the exclusion of all others on account of its absolute purity and the excellent results we have received from its use. I am, very kindly. H. P. PAHRNEY, M. D.

CAUTION: We wish to caution our patrons against so-called "Duffy's Malt Whiskey" sold in bulk and unsealed bottles. Duffy's Pure Malt Whiskey is sold in sealed bottles only. If offered for sale in bulk or unsealed bottles it is a fraud. Insist on getting the genuine. Refuse substitutes.

is what makes it doubly lifegal to fall them. Chapter 120, laws of 1901, section 1, says:

"Section 1, It shall be unlawful to kill any game bird or game animal in any manner whatsoever, except in the manner usually known as hunting with a gun, the gun being such as may be held at arm's length and fired from the shoulder without rests, and at such time as may be permitted in this act.

"Sec. 2 (Upland game.) It shall be unlawful to kill or have in possession any ruffed grouse (frequently called partridge or phensant), quali (frequently called partridge), hare (frequently called rabbit), or any grey, black, or fox squirrel, or any English or ring-necked phensant, excepting during the months of November and December, or any woodcock, excepting during the months of November, november, and December."

The fact that deer are not mentioned as "upland game" does not indicate that they are to be killed, but rather that they are protected at all times.

Game wardens in the different parts of the State are now looking for those who have killed or injured deer. The penalty is \$100 fine for each and every buck, doe, or fawa killed or injured.

We are using Duffy's Pure Malt Whiskey in the St. Joseph's Hospital as stimulant, because we believe it to e the purest of whiskey.

EASTON HOSPITAL, Easton, Pa. October 26, 1900.

I have used Duffy's Pure Malt Whiskey in my practice, and have always found it to do good work. I believe it to be perfectly pure. It is retained by the most irritable stomach, H. D. MICHLER, M. D.

Duffy's Pure Malt Whiskey is a form of food already digested, for the newlescent or the weak and tired a teaspoonful in half a glass of milk, three nes a day, will soon build up strength and energy. It can be retained by a most sensitive stomach. 7,000 doctors prescribe it.
